7. After hearing what God has said to us today through his word, what are some changes you need to make in order to better HONOUR THE KING?

This week we have been looking at a lot of things. We have seen our need to choose to follow Jesus. We have read about the consequences of hearing about Jesus and rejecting him. We have been encouraged to be living out our lives honouring the ultimate king. We have seen that there may be tough times of suffering in the life of a Christian, but that we need to persevere. We have learnt that nobody is beyond the reach of God, who can change the hearts of all people. And we have been encouraged to be sharing our faith with all people, whether that be at school, in your home, or in another country. We have also just seen that we have nothing to fear in doing this because God, the ultimate King, is with us and will empower us to do his work.

8. Write down one or two things from this week that have really struck you, and that you do not want to forget. Ask God to help you not only remember these things, but to be living them out in 2011.
